On the third Sunday of every other month
(starting in January) from 6.30PM to 9.00PM

NEW CALLER DANCES

The chance to Dance to New (and some existing) Callers
Willowbank Community Centre, Oxford Road, New Denham, UB9 4DW

18th January 2026 - Price: £5.00

The Sundays that we have in mind for the 2026 meetings are:

18th January, 15th March, 17th May
19th July, 27th September - and 15th November

If you are interested in supporting this idea, please contact the UK Caller Training Foundation and let us know of your interest. Once we have an email communication from you, we will be able to let you know how things progress - and provide access to our resources: what we need to know is:

- 1) Would you just like to attend the early evening new Caller dances, as a Dancer?
- 2) Would you like to attend the early evening new Caller dances and to allow new and "would-be" Callers to learn; as well as provide regular opportunities to practice Calling to dancers they do not know. Here is the plan:
- 3) Would you just like to attend the Afternoon Seminars?
- 4) Or would you just like to know what we are doing to help new Callers?

Also happening on these dates:

from 2.30pm to 5.30pm at the same location (using the small hall)

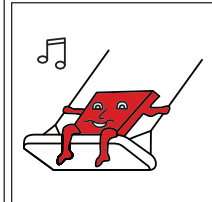

CALLER TRAINING SEMINARS (£5.00)

This price is for Callers that attend, there would be no charge for partners (or Dancers) at the Seminar

A 3 hour training session, presented by Paul Bristow (a CALLERLAB Accredited Caller Coach) will start at 2.30pm. These will offer the Callers the chance to carry out training exercises to build their knowledge. The intention would be to help student Callers (as well as existing Club Callers) learn more about creating interesting and useful choreography, as well as reviewing and practising the new ideas that have recently been added to the Caller Training Curriculum by CALLERLAB.

Please email us at britstowpau5@aol.com and tell us of your interest, even if you will not be able to attend the Seminars or Dances, we would still like to hear from you. If everything goes as we anticipate, we will be creating a central resource for Caller Training that is fit for all UK Callers!
